5	Throat lozenges	1 lozenge	Every 4-6 hours	5 days	Max 6 per day; let it dissolve slowly

Doctor's Advice

- Rest and drink at least 2 litres of fluids per day.
- Gargle with warm salt water twice a day.
- Avoid cold drinks and smoking until symptoms resolve.
- Seek medical attention if fever lasts more than 3 days or breathing becomes difficult.

Follow-up

Next visit: 05/10/2026 **Tests recommended:** Complete Blood Count (CBC) if fever persists.
